

People are complex and they cannot be standardized or simply treated as equals, their differences need to be respected, thus the manager to achieve that, he needs to find the balance between restrictions, empowerment and delegation to be able to support a creative and diverse environment in which the development of systems can achieve great results capable of evolving the world around us.

## Professional Experience

**Unous Business Intelligence - Year 2020 #InProgress**  
**#ITCoordinator #AgileCoach #SCRUM #KANBAN #TeamManagement**  
**#ITCoordinator #ScrumMaster #Rewarding #SituationalLeadership**
